

1-045SL DUAL Fastener 30x10 SNAP-LINE

Tool-less installation, Dual sided - one side hand removeable, one side tool removeable from back

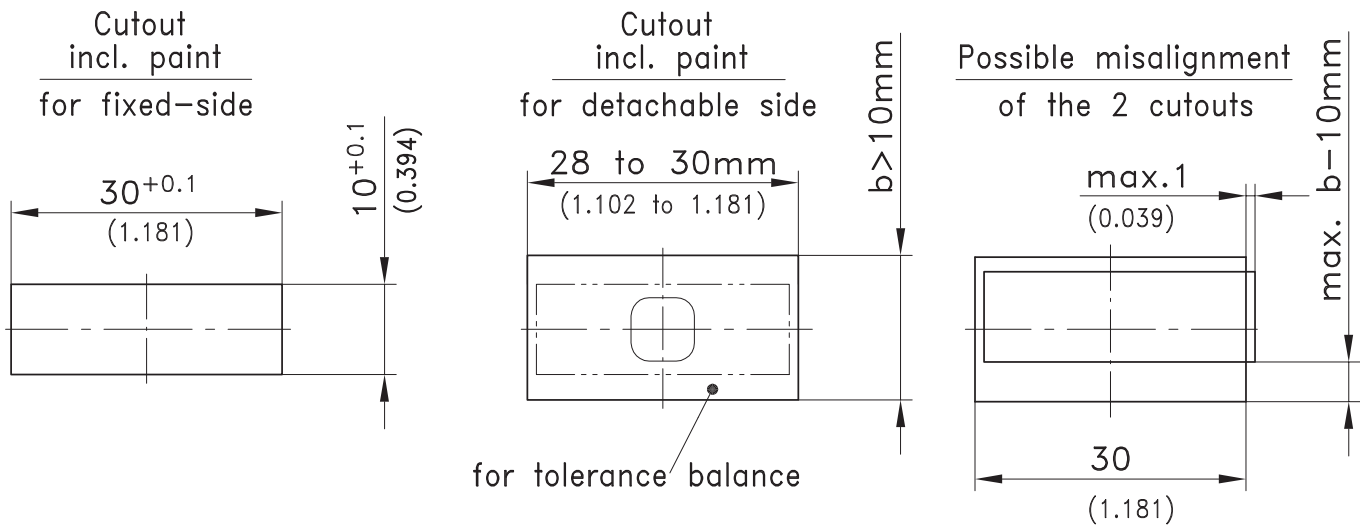

Product Notes:

- Fastener for joining flat metal panels. Dual fastener has one fixed side and one detachable side
- The adjoining page gives an example of one cost saving application - replacing a traditional 3-point latching system using a central latch and DUAL fasteners at both corners of the door. No rods and rod guides are needed. Rattling is also eliminated
- The cutout for the fixed side is 30mm x 10mm.
- The cutout for the detachable side is 28mm - 30mm x greater than 10mm to adjust for possible misalignment.

Material:

- **Dual Fastener:** PA, Black or Zinc Die, Black
- **Other surfaces or colors on request**
- **Wings:** Sintered Steel

Fixed side: Clamping Range ^⑤	Pull-off Force [Ⓕ]	PA Black	Zinc Die Black	See Page
