

4-247 Hinge Pr01 180°

Nested door, Lift-off

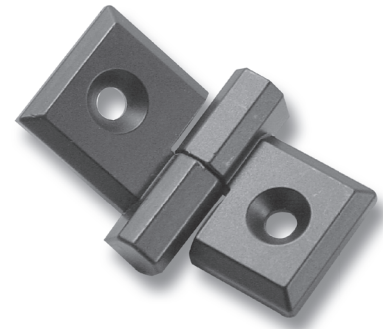

Product Notes:

- Fasten to panel with screws
- Lift-off
- Link aluminum profile of various widths
- Mount on aluminum profiles either parallel or perpendicular
- Tenon fastening blocks that fit into the recess at the back of the hinges and combine positioning, fastening and anti-rotation features.
- Fastening blocks with a safety device preventing rotation are available for applications not using tenon fastening blocks or on flat surfaces (e.g. sheet metal, glass)

Material:

- **Leaves:** Zinc Die, Chrome Plated or Black Coated
- **Pin:** Stainless Steel
- **Tenon blocks and fastening blocks:** Zinc Die, Untreated

Version	Groove Width in Profile	Tenon Blocks	Fastening / Positioning Blocks*	See Page
Max. door thickness 3.2mm	8mm	265-1001	265-1101	
Max. door thickness 3.2mm	10mm	265-1002	265-1102	
Fastening block for application on flat surfaces			265-1103	10.23
c) Fixing screws M6x12 DIN 7991				10.23
* for application with non DIRAK tenon blocks				10.23
